Parent-Child Aquatics

Parent-Child Aquatics is for infants & toddlers, ages 6 months to 3 years. It's also for their adult pool partners. Our classes are about having fun with your child, developing comfort in the water, and promoting child safety in and around the pool. Activities are based on the developmental abilities of each child. We introduce basic movements through a wide variety of games and water equipment.

Classes meet weekly. Select Friday or Sunday. Classes are at 10:30am, 11:15am, and noon.

8 classes per cycle / \$144.00 All fees will be refunded if classes do not meet minimum enrollment numbers.

Missed class policy: Families are welcome to make up any missed classes. Classes should be made up as close to the missed session as possible, and with the pre-consent of the instructor. There are no refunds for classes not taken.
